Interests:

Sport

Filming

Marketing

Sailing

Summary:

I am a skipper with more than 7 years of experience on various types of sailing yachts and sailing catamarans in the Adriatic Sea. In these 7 years I have gained a lot of experience and qualifications from tourism to deep sea sailing. My experience, knowledge of the Croatian coast and islands, as well as my professional and personal approach to each guest is a guarantee of a first class nautical vacation for the whole family. I also help skippers who need to earn miles for the skipper exams in Germany, Switzerland and Austria as I have a lot of experience in long distance and deep sea shipping. Outside the tourist season I carry out many new boat deliveries from France to Croatia.
